ACADEMIC BACKGROUND

PhD Atmospheric Physics
University Santiago de Compostela
2020

MsC Meteorology
University of Barcelona
2014

BsC Physics
University Santiago de Compostela
2013

SKILLS

Climate • Dataviz • Communication

2014

PhD Candidate

UNIVERSITY SANTIAGO DE COMPOSTELA

- *Carried out WRF mesoscal simulations to study land-surface–atmosphere feedbacks over the Iberian Peninsula and Europe.*
- *Developed post-processing scripts in Python and GrADS for automated extraction, and publication visualisation of model output fields.*
- *Mentored undergraduate students.*
- *Successfully defended the doctoral thesis before an international jury in 2020*

2015

Broadcast Meteorologist

SANTIAGO TV

2017

Paleoclimate Researcher

2018
